NOTES:									

2007/2008: 1% Discretionary Sales Tax approved by voters, implemented January 1, 2008

2010/2011: \$425,000 proposal for same level of service, \$80,592 for additional EMS services = \$505,592

2011/2012: The county provided \$120,000 from the general fund to support clinic operations beginning mid-year 2011/2012 when the local health department discontinued primary care services. Also, instead of the standard 50% operating transfer of sales tax proceeds for the fiscal year, the hospital received the 50% transfer for the first (6) months of the year and 100% of the sales tax proceeds for the remaining (6) months of fiscal year, this was authorized to bring current delinquent payables.

2012/2013: The county continues to provide the \$120,000 to support clinic operations - the funds now come from the discretionary sales tax proceeds.

2013/2014: The local discretionary surtax proceeds value and 50% operational transfer include revenues up to September of 2014 - the clinic support has been transferred through September 2014, quarterly ambulance subsidy funded through September 2014. 2013/2014 estimated sales tax proceeds were: \$1,631,761.

2014/2015: Proceeds received and transferred through September 2015. Estimated Sales Tax Proceeds were: \$1,695,733. \$300,000 Emergency advancement requested in April, 2015 - Weems repaid \$150,000 in June, 2015, repaid \$150,000 in September, 2015.

2015/2016: Cells with yellow highlight indicate that not all revenues/transfers have been received - data is incomplete for the fiscal year. No proceeds received to date for 2015/2016. Clinical support has been transferred through DECEMBER 2015, quarterly ambulance subsidy funded through DECEMBER 2015. Interest earnings only posted through SEPTEMBER 2015. EMERGENCY ADVANCEMENT approved at 12/01/15 meeting, \$280,000 transferred from HCTF to assist with delayed Medicaid/Medicare billing issues, Estimated Sales Tax Proceeds: \$1,774,293

UPDATED THROUGH 12/01/15

Current Available Balance in Health Care Trust Fund for Capital Expenditures:

\$ 2,222,602.08

The current available balance in the Health Care Trust Fund is calculated as follows: Total Disc. Surtax Revenue Proceeds less operating portion transferred to Weems, less clinical support transferred to Weems, less reimbursements and other capital expenditures from fund plus interest earnings
